You don't often get email from grgdavis2@gmail.com. Learn why this is important

Good Afternoon Collin,

Attached are images that I have sized appropriately for website usage only (no printing or sharing with others for example). I retain exclusive rights to all images that I'm sharing for your web project but am glad to share these with you with hopes that they might assist in attracting attention to our beautiful county. Let me know if you have any questions or need anything else.

Sincerely,
Greg
